

Standard Pallet Jack

Frame

- Rugged Heavy Duty Frame constructed of one-piece formed channel steel offering light weight strength.

Forks

- Reinforced for added strength with tapered ends for easy pallet entry.

Paint

- The CJ55 series boasts a quality Powder Coat finish.

Hydraulic Pump

- Quality design complete with a special lowering valve allowing controlled rate of descent, and an overload by-pass valve.

Handle

- Featuring a reinforced base, the spring-a-matic handle returns to the upright position automatically.

Control Handle

- The control handle has three positions (raise/neutral/lower) fingertip control. Ergonomically designed and free of pinch points.

Pump Stroke

- Features a full 90 degree top to bottom stroke requires only 10 strokes to raise the forks to the maximum lift.

Load Rollers

- Features 2.9" polyurethane rollers with sealed bearings.

Steering

- Featuring 200 degree pivot action for greater maneuverability with 7" polyurethane wheels, sealed bearings and "Ball-Thrust" steering.

Hangers

- The one piece hangers are constructed of Iron Cast for greater strength and longevity.

Helper Rollers

- Features 4 helper rollers for easy exit and entry of pallets.

Pivot Points

- The CJ55 features grease fittings and bushings at all pivot points for easy maintenance.
