

# Engineering

With the data collected from our Operational Audit with your team, KMH brings to bear engineering expertise from a variety of material handling storage, automation, and technology disciplines.

As we familiarize ourselves with your business, KMH offers a full complement of engineering services to organize our recommendations for your review. Through the use of value-stream mapping and Computer-Aided Design expertise, KMH translates your physical layout and processes into a dynamically engineered drawing for further meaningful discussions with your team. We deliver this in a practical format for easy understanding and/or evaluation of the future state.

Our areas of expertise include but are not limited to:

- Pallet Racking
- Robotics
- Pick Modules
- Conveyors
- Sortation
- Pack Stations
- Safety and Ergonomics
- Storage and Shelving
- Voice/Light Directed Picking
- Warehouse Management Systems
- Mezzanines/In-Plant Offices
- Energy Management
- AS/RS
- Carousels
- Spirals
- Print and Apply
- Lighting

We will translate your physical layout into dynamically engineered drawings.

## Material Handling Integration

If you're interested in receiving a FREE KMH review please visit our website and fill out our online request or contact your local KMH Representative at your closest KMH Systems branch. Please see reverse side for branch contact information.
