INTRODUCING

# MULTI SWEEP

## 725 - FULL SIZE YARD SWEEPER

- Collects as it sweeps.
- Quick and easy method of attachment.
- Power, Gravity of Hydraulic Water System
- Hydraulic Opening of Debris Container
- Suitable for collecting fine sand, dust, mud, brick or general debris.
- Highly recommended for Building Sites.

The Multi Sweep 725C is the market leader for construction sites. It offers a sweeping performance and reliability that is needed in heavy duty applications.

The front wheel diameter is 400mm, which is made of a steel casing and rubber rim. This gives excellent maneuverability and strength.

**STARTING AT \$20,000.00**

## 900 - LARGE YARD SWEEPER

- Collects as it sweeps.
- Quick and easy method of attachment.
- Robust design.
- Permanently on site ready for instant use.
- Suitable for collecting fine sand, dust, mud, brick or general debris.
- Various attachments available.

The Model 900 is the largest machine in our range of sweeper collectors. Its boasts heavy duty kingpins and wheels and a collection capacity to match, making it ideally suited for larger sites and material handlers. Due to its size, the 900 is ideal for large areas such as concrete facilities, docks / ports, aggregate quarries etc.

**STARTING AT \$20,000.00**
