

THE BOB-CAT® CRZ™

**NEW,
AND, MORE
CIVILIZED
BEAST.**

THE NEW BOB-CAT® CRZ

WHEN YOU WANT PROFESSIONAL GRADE DNA.

The CRZ is the machine you need to take control of your grounds. With the same pedigree as the rest of the BOB-CAT zero-turn line, these machines are built to make the most of the grass, while taking up the least of your time. Mowing decks range in size from 48, 52 and 61 inch swaths so your BOB-CAT can dance around or cut through whatever obstacles are in your way.

Built from parts that are common across the BOB-CAT™ pride, these more civilized beasts are easy and affordable to purchase and maintain. And with BOB-CAT durability built into every CRZ it should be the last mower you'll ever need.
