

» Pallet trucks

PTE10 PTE15 PTE20 PTE25

Capacities from 1 - 2.5 tons

MP13 MP15 MP20

The ace of walkie trucks! Simple enough for first-time use by neophytes.

- ◆ Load handling speed is in the top of its class (up 40% from the standard model PTE15 under load)
- ◆ Force required for steering has been reduced to improve operating efficiency and increase truck safety.
- ◆ Safety switch increases operator safety.
- ◆ Electromagnetic brake helps reduce the number of parts.

Capacities from 1.25 - 2 tons

» Platform trucks
